

Intra-operative SSI Prevention Measures and outcomes assessments

June 27th – 14.00-15.00 pm

Location

SIS-E Congress 2019
Royal College of Physicians,
No. 6, Kildare Street
Dublin, Ireland

Faculty

Prof. Marja Boermeester (NL)
(Chairperson)

Prof. Miguel A. Caínzos, (SP)

Prof. Heather Evans (USA)

Overview

Take the occasion to attend Johnson & Johnson Symposium during SIS-E Congress in Dublin, discussing Intra-Operative SSI prevention measures. The sessions will be chaired by the SIS-E president and will provide you with an overview of the possible intra-operative prevention measures, focusing on latest literature and preliminary trial results on Triclosan Coated Sutures and then discussing patient reported outcome.

Program:

- **Intra-operative measures and coated sutures meta-analysis (15 mins)**
Presenter: Marja Boermeester (NL)
- **Triclosan coated sutures trial – preliminary results (15 mins)**
Presenter: Miguel A. Caínzos (SP)
- **Patient reported wound outcome (15 mins)**
Presenter: Heather Evans (USA)
- **Discussion (15 mins)**
All faculty

Yours sincerely,

James Kennedy
