

SURGICAL INFECTION SOCIETY EUROPE
GRONINGEN 2023

**35th European Annual
 Congress on Surgical Infections**

University Medical Center | Groningen | Netherlands

Conference Programme

Wednesday 28 June 2023

13:00 - 15:00	SIS-E Council Meeting
15:00 - 18:00	<p>SIS-E Olympics - case report contest (interactive workshop) Chair: Marjolein Blussé (Netherlands) and Prof Marja Boormeester (Netherlands)</p> <ul style="list-style-type: none"> • Surgeons and infection specialists collaborate to manage an uncommon infection. Speaker: Dr Ranajoy Sankar Bhattacharya (UK) • Complicated anal fistula with extension to the retro and preperitoneal space. Speaker: Dr Anna Sasiada (Spain) • Late surgical management of a complicated enteroatmospheric fistula: is this the optimal strategy? Speaker: Mr Maximos Frountzas (Greece) • Fatal Course of Cutaneous Cholesterol Embolization Syndrome: A Case Report. Speaker: Mr Barend van ven Beukel (Netherlands)
16:30 - 16:50	Refreshment Break
16:50 - 18:30	<ul style="list-style-type: none"> • Urgent total colectomy due to massive colonic hemorrhage in ground of CMV colitis. Presentation and review of the bibliography. Speaker: Mr Paraskevas Grivas (Greece) • Antibiotic induced septic shock during acute cholangitis. Speaker: Dr Michal Gergel (Slovakia) • Management of severe complicated intra-abdominal sepsis with open abdomen and negative pressure peritoneal therapy. Speaker: Dr Despo Evripidou (Cyprus) <p>Discussion panel: SIS-E Council Members</p>
18:30	<p>SIS-E Welcome & Networking Reception All delegates and accompanying persons are welcome to this free event, but places are limited. Please indicate on your registration form if you would like to attend.</p>

Thursday 29 June 2023

08:00 - 18:00	Registration
08:15 - 08:30	Congress Welcome Prof Georgios Giokas (Greece) SIS-E President Dr Ben Saleem (Netherlands) SIS-E Treasurer & local organiser
08:30 - 09:00	Inaugural Lecture: Surgical infections: an unresolved, persistent & global problem Dr Kemal Rasa (Turkey) SIS-E Past president
09:00 - 10:00	Symposium: Vascular graft and endograft infections Chair: Dr Ben Saleem (Netherlands) and Prof Clark Zeebregts (Netherlands) <ul style="list-style-type: none"> • Diagnostic imaging if VGEI is suspected. Speaker: Dr Lucia Musumeci (Belgium) • Surgical treatment of VGEI. Speaker: Prof Laurent Chiche, vascular surgeon (France) • Antibiotic options in VGEI. Speaker: Dr Anna Both, microbiologist (France) • Follow up VGEI. Speaker: Dr Wouter Bierman, internist-infectologist (Netherlands) Discussion & questions with panel
10:00 - 10:30	Refreshment Break & Poster Round I
10:30 - 11:30	Free Paper Session I Chair: Prof Deborah McNamara (Ireland) and Dr David Blake (USA) <ul style="list-style-type: none"> • From basic research to clinical practice: the impact of a laminar airflow filter on surgical site infection in vascular surgery Speaker: Dr Albert González-sagredo (Spain) • Wound Irrigation for the Prevention of Surgical Site Infections: Systematic Review and Network Meta-Analysis Speaker: Mr Nathan Bontekoning (Netherlands) • Understanding anesthesiologists and surgeons attitudes towards surgical site infection in digestive and visceral surgery. Speaker: Dr Antoine Deslandes (France) • Meta-analysis and trial sequential analysis of incisional negative pressure wound therapy for the prevention of surgical site infection Speaker: Miss Hannah Groenen (Netherlands) • Triclosan coated sutures for the prevention of surgical-site infection: Up-to-date systematic review, meta-analysis, and trial sequential analysis Speaker: Miss Hasti Jalalzadeh (Netherlands)
11:30 - 12:30	Sponsored Symposium: Enhancing the post-operative process to reduce surgical infections <ul style="list-style-type: none"> • Experiences and interventions to prevent postoperative SSI. Speaker: Ross Lathan (UK) • Guidelines on SSI surveillance. Experiences of SSI surveillance processes. Speaker: Melissa Rochon (UK) • Promotion and community engagement to prevent SSI. Speaker: Miss Lilian Chiwera (UK) Discussion & questions with panel
12:30 - 13:30	Lunch & Exhibition
13:30 - 14:30	Sponsored symposium: Handle with care – Preventing harm in the operating room Chair: Prof Petrosillo <ul style="list-style-type: none"> • Surgical site infections: are we equipped to prevent harm? Speaker: Prof Petrosillo, Head of Infection Control Services and Professor of Infectious Diseases. (Italy) • Skin Antisepsis Prior to Surgery: Ditching the Dogma. Speaker: Dr Wade, NIHR Academic Clinical Lecturer in Plastic & Reconstructive Surgery (UK) • Skin preparation strategies: Substance over matter Speaker: Prof Marja Boermeester, Abdominal infection surgeon (Netherlands)
14:30 - 15:00	Semmelweis Lecture: Sepsis is a myth* Chair: Prof Georgios Giokas (Greece) Speaker: Prof Robert Sawyer (USA)

15:00 - 16:00	<p>Sponsored symposium: It's the close that counts: optimizing wound healing outcomes</p> <ul style="list-style-type: none"> • 20 years of evidence and guidelines in wound closure Speaker: Mr David Leaper (UK) • It's the close that counts: Wound Closure & Healing in Orthopaedic Surgery Speaker: Mr James Newman (UK) • It's the close that counts: Wound Closure & Healing in Colorectal Surgery Speaker: Mr Vicente Pla Marti (Spain)
16:00 - 16:30	<p>Refreshment Break & Poster Round II</p>
16:30 - 17:45	<p>Free Paper Session II Chair: Assoc Prof Arda Isik (Turkey) and Prof Rob Sawyer (USA)</p> <ul style="list-style-type: none"> • Surgical site infection after colorectal surgery: Analysis of the Chinese Surveillance Database Speaker: Dr Xiuwen Wu (China) • Partial resection is associated with a higher reintervention rate than total resection of an infected vascular graft Speaker: Miss Francine Vos (Netherlands) • Whole Model Path Planning-Guided Multi-axis and Multi-material Printing of High-performance Intestinal Fistula Stent for Maintenance of Distal Gut Homeostasis Speaker: Dr Jinjian Huang (China) • Prospective cross-sectional study of the management of adhesive small bowel obstruction in the Netherlands Speaker: Mr Barend van ven Beukel (Netherlands) • Subcuticular suture and incisional surgical-site infection in elective hepatobiliary and pancreatic surgery: an open-label, pragmatic randomized clinical trial (CLOSKIN trial). Speaker: Miss Itziar De Ariño (Spain) • Patients with anastomotic leakage after oesophagectomy have a low microbial diversity and a high amount of bacteria with collagenolytic abilities Speaker: Miss Zuzana Horníková (Netherlands) • Impact of surgical site infection on the occurrence of incisional hernia after prophylactic techniques in laparotomy. Systematic review and meta-analysis. Speaker: Dr Sebastian Amador-Ramirez (Mexico) • Triclosan-coated sutures decrease the risk of surgical site infection after abdominal surgery: systematic review and meta-analysis of randomized controlled trials Speaker: Ms Sarah Van Egmond (Netherlands) • Study on digital biomarkers for predicting Surgical Site Infections(SSIs) in patients undergoing Coronary Artery Bypass Graft (CABG) Speaker: Mr Rajan Sethuratnam (India)
19:00	<p>SIS-E Congress Dinner</p>

Friday 30 June 2023

08:30 - 16:30	Registration
08:45 - 09:00	Report from the Japanese Surgical Infection Society Speaker: Dr Yuichi Yoshida (Japan)
09:00 - 09:30	Lecture: A new approach to study the combined foreign body/infection response Speaker: Dr Theo van Kooten (Netherlands)
09:30 - 10:30	Sponsored Symposium: Prevention and treatment of complications with negative pressure therapy Speaker: Prof Marja Boermeester, Abdominal infection surgeon (Netherlands)
10:30 - 11:00	Refreshment Break & Poster Round III
11:00 - 12:00	Orthopaedic device related infections Chair: Dr Joris Ploegmakers (Netherlands) and Dr Edgar Peters <ul style="list-style-type: none">• Important concepts for surgical and antibiotic treatment. Speaker: Dr Edgar Peters, internist infectologist (Netherlands)• Real life periprosthetic joint infection (PJI) cases, tips and tricks for surgical debridement and implant exchange. Speaker: Dr Joris Ploegmakers (Netherlands)• What do surgeons need to know from a microbiologist point of view. Speaker: Dr Rob Rentenaar, medical microbiologist (Netherlands)• Fracture related infections (FRI), what type of imaging do we need? Speaker: Dr Frank Ijpma, trauma surgeon (Netherlands) Discussion & questions with panel
12:00 - 12:30	Young Investigator Lecture Chair: Marjolein Blussé (Netherlands) <ul style="list-style-type: none">• Surgical site infectiOn after emergency and trauma Surgery (SOS) study: the emergency surgeons' perspective Speaker: Dr Belinda de Simone (France)
12:30 - 13:30	Lunch & Exhibition
13:30 - 15:00	Global Surgery Symposium: guideline update Chair: Dr Kemal Rasa (Turkey) & Dr David Blake (USA) <ul style="list-style-type: none">• SIS-NA: new revised guidelines Speaker: Dr Jared Huston (USA)• WSES: abdominal infections global guideline Speaker: Dr Belinda de Simone (France)• WSIS: Source control guideline Speaker: Prof Rob Sawyer (USA) Discussion & questions with panel
15:00 - 16:00	SIS-E Members Business Meeting Society updates and election of new members All member delegates welcome
